

1. Using your web browser, log in to the AEPS website at <http://aeprs.ria.army.mil/>. This will bring you to the screen below. Click the ACCEPT link.

2. After clicking on the ACCEPT link, the following screen will appear. If you do not have a login and password to enter the AEPS website, click on "Access Request Form" and follow the instructions. An email will be sent to your supervisor verifying your need for AEPS access and your login will be forwarded to you via email. (This is usually done within 24 hours of supervisory approval). Once you have obtained a login and password you may access the AEPS website. To access the site, click on the "Enter AEPS" icon. You will be prompted to input your login and password.

- After you input your login and password, you will be directed to the following screen.

Several New processes have recently been added to AEPS, some of the:

HODA Materiel Release Tracking System

The Materiel Release Tracking System was developed for the Acquisition and Logistics community to track Materiel Release activities.

- Scroll down until you see the heading “AMC Demilitarization Review and Challenge Program” as depicted on the following screen.

Modification Management

5. Click on the "Dept. of Defense DEMIL Code F Instructions Online" link. You will be taken to the Department of Defense DEMIL Code "F" Demilitarization Instructions Review and Update Area Screen. You can also reach this site directly. Save this link to your Favorites: <http://aeaps2.ria.army.mil/commodity/demil/codefmain.cfm>. Click on the "Review DEMIL Instructions" link.

The screenshot shows the homepage of the Department of Defense DEMIL Code "F" Demilitarization Instructions Review and Update Area. The page features a navigation menu on the left with links to AMC DEMIL Review/Challenge, DEMIL Code "F" Instructions, EA Small Arms Logistics and Demilitarization, Def. DEMIL and Security Trade Control Site, and SBCCOM DEMIL and Disposal. The main content area includes a "Main Menu" with links to ADMIN (Restricted Access), REVIEW DEMIL INSTRUCTIONS, and CHALLENGES or QUESTIONS. Below the menu, there is an "Admin:" section with a note about authorized DOD DEMIL Coordinators and a link to Mr. James Rollins.

6. The following screen will be displayed. From this screen, you have two options for performing a search. You may enter a National Item Identification Number (NIIN), or you may perform a keyword search. You also have the option to search all DEMIL Code F items, or only NIINs with instructions in the database.

The screenshot shows the "View DEMIL Code F Instructions" screen. It features a search form with a text input field for "Enter a NIIN:" and a "Submit" button. Below the input field, a note states: "Note: Do Not enter any (- dashes) when submitting your NIIN." There is also a "Or Perform A Keyword Search:" section with a text input field and a "Submit" button. Below the keyword search, there are two radio buttons: "Search All Code F NIINs" (selected) and "Search Only NIINs With Instructions". The page includes a navigation menu on the left and a footer with the text "All Contents are (C) 1997-2000 by Army Electronic".

7. To perform a NIIN search, type in the NIIN for the item that you need instructions for and click on the "Submit" button.

9. To obtain the instruction, scroll down your screen using the scroll bar on your web browser.

<ul style="list-style-type: none"> ■ SBCCOM DEMIL and Disposal Instructions ■ Item Managers Look-Up by NIIN ■ TACOM Item Managers by Analyst Code 	<h2 style="text-align: center;">Demilitarization Instructions for FILTER UNIT,GAS-PAR</h2> <hr/> <p style="text-align: center;">Apr 2000</p> <p>General procedures for Items containing Filters</p> <p>1. All items and parts covered in this procedure are considered to be free of chemical agent contamination. Should any of the filter units be contaminated with toxic chemical, biological, or radiological agents, then the motor, skids, blower, control panel, and any attached ancillary equipment are to be considered as being contaminated unless certified to the contrary.</p> <p>2. Gas and particulate filters contaminated with agents during peacetime operations are only generated in an R&D or testing environment. The decontamination and subsequent disposal for these filters is accomplished by the generating unit using procedures that have been established prior to the actual contamination. However, in the event that special circumstances require additional technical information, then the using unit shall contact the Commander, US army Technical Escort Unit, Aberdeen Proving Ground, MD 21010, for assistance.</p>
--	--

10. At the end of the instruction, the reference from the DoD 4160.21-M-1 will be displayed. Print the instruction using the print key on your web browser. If the item is to be turned in to the Defense Reutilization and Marketing Service, attach a copy of the instruction to the Disposal Turn-In Document (A5J).

<p>9. For Technical matters, please call the Demil Team at ERDEC, DSN 584-6588 or 410-436-6588 or FAX 410-436-8484 or e-mail to lpfisher@apgea.army.mil. For Material Management issues of masks call Frank Fuoto at DSN 793-4285 or 309-782-4285 or FAX 309-782-1919 or e-mail to ffuoto@ria-emh2.army.mil. The collective protection material management issues for the collective protection equipment are to be directed to Barb Hawotte, DSN 793-6609/CML (309) 782-6609, email hawotteb@ria.army.mil, and Betty Zerboglio, DSN 793-4265/CML (309)782-4265, email zerbogliob@ria.army.mil, Fax numbers DSN 793-1919/CML (309)782-1919.</p> <p>Reference: DoD 4160.21-M-1 Appendix: <u> A4 </u> Category: <u> XIV </u> Paragraph: <u> B </u></p> <p style="text-align: center;">"End of Instructions for": FILTER UNIT,GAS-PAR (000105267)</p>	<hr/> <p style="text-align: center;">HOME COMMODITY SERVICES ADMINISTRATIVE SEARCH EMAIL</p>
